

Benefits for Constant Contact Users Who register with The Write Touch Inc.

The Write Touch Inc. (TWTI) is an authorized Business Partner (BP) of Constant Contact (CC).
As such:

- I receive feature update emails, tutorials and training certifications;
- Attend special seminars and webinars;
- Have access to a special BP support department at CC.

I'm also authorized to create new CC users through my Business Partnership account. Existing CC users who are *not* already assigned to a BP, can be assigned to TWTI. **This is done with a simple email and there is NO COST and no additional fees from CTCT.**

CC users I sign up as a BP, or who are assigned to TWTI receive the following benefits:

- ◆ When something isn't working right (that *will* happen), you call me and I'll research it and either fix it or get a resolution from CC (no cost).
- ◆ If a new, useful feature is added (or changed) by CC, I'll send you a CC "Feature Alert" to let you know about it and how to use it (no cost).
- ◆ You can call me anytime with a quick question (no cost).
- ◆ When I get your CC emails, if I see something you did really well or something you should *not* do, I'll let you know (no cost).
- ◆ You have an open offer to use my review services at \$136 for any email*. No contract and no monthly commitment. The review includes a complete proof of copy and links; layout, content and marketing recommendations; copy and subject line suggestions.

If you want to take advantage of these benefits - *and* are not already assigned to a CC Business Partner, let me know.

Use the email link at the bottom of this document or call me at 720.363.2940.

I'll send CC an email request. They'll send you an email asking you to confirm the assignment. That's it.

Larry Brummond
The Write Touch Inc.

* Regular price is \$195 per email.
